FREE HEALTH CHECK-UP-CAMP

The residents of Bidar District slum area have been asking Jai-Hind Socio-Economic Development And Education Society (S.C. Management), Bidar to organize one District health camp in their area which is very much required Jai-Hind Socio- Economic Development And Education Society (S.C. Management), Bidar District had organized this Free Health Checkup in co-ordination with local voluntary agencies. And many persons were benefited and other details are as follows:

The free medicines have been collected from Doctors and have been distributed among the patients.

Our organization provide the free Health Camp for three days free check-up camp many more villagers got the benefit of the free Health Check-up. To keep the villagers good Health our organization does all the needful awareness and conducted the various health check-up camps one of those are as above.

ANC -PNC HEALTH CHECK-UP CAMP

We have conducted ANC & PNC Health Check-Up Camp for Promotion of maternal and child health concern must be reflected through Antenatal care (ANC) and Postnatal care (PNC). ANC refers to pregnancy-related health care that include a basic, professional care for the minimum of four ANC visits recommended to monitor signs of complications, detect and treat pre-existing and concurrent problems, and provide advice and counseling on preventive care, diet during pregnancy, delivery care, PNC and related issues.

PNC on the other hand is the care for all mothers and babies from the first 24 hours of delivery and subsequent home visits on 3rd, 7th and 42nd days after birth to identify and manage emergencies occurring during this period. The postnatal period is a critical phase in the lives of mothers and newborn babies as most deaths occur during this time. Lack of care during this time period can result in death or disability as well as missed opportunities to promote healthy behaviors, affecting women, newborns, and children. Yet, this is the most neglected period for the provision of quality care.

CANCER AWARENESS PROG

We have conducted various cancer awareness prog in the state of Karnataka in Bidar District. We have conducted obesity Camp. We have conducted cancer awareness Camp. In Bidar District. Tobacco kills 8-9 lacks people each year in India the number is likely to increase many folds in the next 20 years. Tobacco is used in various forms in India which includes. Cigarate, bidi, hukka, gutkha, khaini, etc. tobacco smoke contain over 4000 harmful and poisons chemicals nicotine and carbon monoxide being the most harmful ones, health hazards of tobacco use.

1. Tobacco causes cancer
2. Tobacco may lead the loss of vision
3. Tobacco damages almost every organ in the human body

VILLAGE DEVELOPMENT AWARENESS PROG

We have conducted various Rural development Programme is the process of improving the quality of life and economic well-being of people living in rural areas, often relatively isolated and sparsely populated areas. Education, entrepreneurship, physical infrastructure, and social infrastructure all play an important role in developing rural regions.

CELEBRATION EXP

The organization used to celebrate all the national functions like Independence Day, Republic Day, National Leaders Jayanthis, Karnataka Vimochana Dinacharne, Dr. B.R. Ambedkar jayanthi, etc every year in a big way at Bidar District. That the president of the organization used to give lecture on each of the programme. Many of the local dignitaries have been participated in the programme.
