**Audit Date:** 19/11/2025

Rating creates transparency in their operations and trust for donors. Valid for 2 years from audit date.

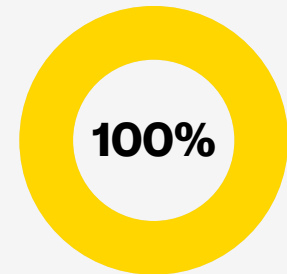

Cater to Donor Needs

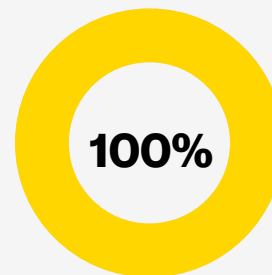

Impact on Beneficiary

Clarity from NGO

Transparency

Strategic Planning

# Audit Rating

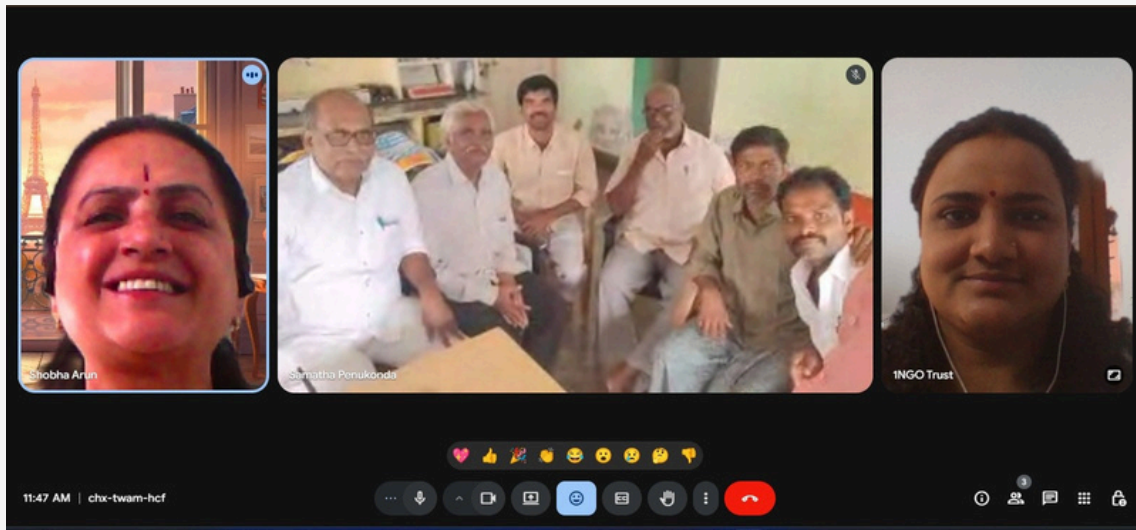

## Details behind the Audit Rating

- **Cater to Donor Needs:** SAMATHA maintains an annual budget record of the money. They showed the list of all their donors.
- **Impact on Beneficiary:** They demonstrated impact on their beneficiaries. However, they don't have an impact report. The beneficiaries were guided by the team to express their opinions.
- **Clarity from NGO:** Through online, they demonstrated clarity in Vision and Mission. All their certificates are active. They also have clearly defined roles and responsibilities for team members as well as trustees.
- **Transparency:** They produced last 3 years Audited Financials and Annual Reports too.
- **Strategic Planning:** The NGO has a clear picture of their upcoming programmes in the next one year.

## 1NGO Audit Methodology

One of our key pillars of focus from 2024 is **building NGO Transparency and Trust for Donors**.

With that aim we have started the 1NGO Audit process this year, whereby we visit each NGO. We review with them a preset questionnaire which helps us better understand each of the following areas of their performance.

- How clear they are about their objectives,
- How they cater to donor needs,
- What impact they have on their beneficiary,
- How transparent are their operations and finally,
- What kind of strategic planning are they doing.

During and post the audit we collect relevant documents that substantiate their claim and come up with a Score and Star Rating for the audit.

We post the findings from our Audit on our website to create the needed transparency and trust for Donors so that the hardworking and result oriented NGOs receive the right visibility.
